

해외건설 클레임 강좌 시리즈 2018

8조원의 Warranty Claim을 성공적으로 방어한 국제중재 사례 - San Onofre 원자력 발전소 프로젝트 사건

김·장 법률사무소는 미국의 건설 로펌인 Pillsbury Winthrop Shaw Pittman, LLP를 초대하여 해외 건설 프로젝트에서의 risk management 및 분쟁 해결 사례를 주제로 해외건설 클레임 강좌 시리즈의 다섯 번째 강좌를 진행할 예정 입니다.

최근 미국 San Onofre 원자력 발전소의 발주처가 아시아 설비 공급사에 대하여 US\$ 7.6 billion(약 8조원)의 손해배상을 청구하는 ICC 국제중재 사건이 있었는데, Pillsbury의 건설 전문팀이 설비 공급사를 대리하여 청구의 대부분을 기각시키는 승소 판정을 받았습니다. 동 사건의 중재 판정문은 공개되었으므로, 본 세미나에서는 Pillsbury 팀이 동 사건 수행 경험 및 교훈에 대해 공유하고자 합니다. 또한, Pillsbury 에너지 팀의 변호사가 해외 원자력 발전소 프로젝트에서 성공적인 위험 관리를 위해 주의해야 할 점들에 대해 설명해 드릴 예정입니다.

이에 저희 고객인 귀사를 초대하오니 많은 분들께서 참석하시어 자리를 빛내주시기 바랍니다.

해외건설 클레임 강좌 2018: 5회 차 (4/17)

이번 세미나에서는 아래 주제로 강좌가 진행될 예정입니다.

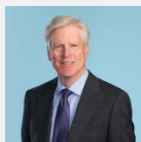

- Lessons Learned from a Recent Large Scale International Arbitration
- Managing Risk For Nuclear New Build Projects in Emerging Markets

참석을 원하시는 분께서는 참가신청서를 작성하시어
(arbitration_news@kimchang.com)로 보내주시기 바랍니다.

International Construction Lecture Series 2018

Successfully defending a \$7.6 billion warranty claim

- the San Onofre nuclear project case

Kim & Chang cordially invites you to a presentation on successful risk management and dispute resolution by leading construction law firm, Pillsbury Winthrop Shaw Pittman, LLP.

A team of construction specialists from Pillsbury recently successfully defended in ICC arbitration an Asian contractor facing a \$7.6 billion warranty claim brought by the owners of the San Onofre nuclear plant in San Diego, California. As the award in public, Pillsbury is able to discuss the claim and share with members of the International Contractors Association of Korea important lessons learned from the case.

In addition, lawyers from Pillsbury’s energy team will be presenting a session on successful risk management in overseas nuclear power projects.

We believe this is a unique opportunity to hear about one of the largest global construction disputes in recent years and find out how the contractor’s legal team was able to successfully defend their client.

Open Seminar with Pillsbury (4/17)

Topics to be discussed in this seminar include:

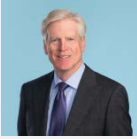

- Lessons Learned from a Recent Large Scale International Arbitration
- Managing Risk For Nuclear New Build Projects in Emerging Markets

Please kindly RSVP to this invitation to arbitration_news@kimchang.com at your earliest convenience.

Agenda

TIME	SUBJECT	SPEAKER
14:30 - 15:00	<i>Registration (w/ Light Refreshments)</i>	
15:00 - 15:05	Welcome Address	Mr. Simon Barrett (Pillsbury) Mr. Byung-Woo Im (Kim & Chang)
15:05 – 15:55 Session 1	Managing Risk For Nuclear New Build Projects in Emerging Markets Mr. Zabielski will present lessons learnt from successful nuclear new- build projects world-wide, and will provide insight into how the contracting strategy directly affects the project’s success.	Mr. Vincent Zabielski (Pillsbury)
15:55 – 16:05	<i>Tea Break</i>	
16:05 – 17:00 Session 2	Lessons Learned from a Recent Large Scale International Arbitration Although ICC awards are almost always confidential, Mr. Heisse recently received an ICC award in a highly complex US\$ 7.6 billion dispute, which was made public. As a result, he is able to share some of the “lessons learned” from the successful resolution this complex, technical, international dispute.	Mr. John Heisse (Pillsbury)
17:00 – 17:30	Panel Discussion Q & A	Mr. Simon Barrett, Mr. John Heisse, Mr. Vincent Zabielski (Pillsbury) Ms. Sungjean Seo, Mr. Joel Richardson, Ms. Dami Park (Kim & Chang)
17:30 – 17:40	Closing Remarks	

* Please note that the schedule is subject to change.

Coordinator's bio

Simon P. Barrett

Partner / Tokyo

E-mail: simon.barrett@pillsburylaw.com

Simon Barrett heads Pillsbury's Construction practice in Asia and co-heads the firm's Energy & Infrastructure practice in Japan.

Mr. Barrett advises clients on the development and financing of large-scale projects in the energy and infrastructure sector. He particularly counsels contractors and developers on high-value EPC and other forms of construction contracts. Chambers & Partners describes Mr. Barrett as “a *fantastic construction lawyer*”.

Mr. Barrett has worked on projects in over 25 jurisdictions involving the oil and gas, power, chemicals and transportation sectors.

Mr. Barrett's work also extends to advising clients on regulatory and compliance issues, in particular with respect to anti-bribery investigations. In connection with this, Mr. Barrett often advises construction and engineering companies on preventative measures and crisis management.

Pillsbury Speakers' bio

John R. Heisse

Partner / San Francisco

E-mail: john.heisse@pillsburylaw.com

John Heisse, a Pillsbury Litigation partner, was named Who's Who Legal's leading international construction lawyer in 2017.

Guiding global developers, builders, owners and designers through every phase of complex public and private construction, John has successfully represented clients regarding major transportation, energy, hospitality, professional sports, housing and health care projects around the world. He draws on his engineering background and deep legal experience to counsel clients on project planning, contracting, contract and delivery issues, and to resolve disputes through negotiation, arbitration, and litigation.

John is a past chair of Pillsbury's Construction Counseling & Dispute Resolution team.

Vincent C. Zabielski

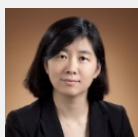

Senior Lawyer / London

E-mail: vincent.zabielski@pillsburylaw.com

Vincent Zabielski focuses his practice on international nuclear energy matters.

Vince handles matters related to nuclear new-build EPC contracts, power purchase agreements, operation and maintenance agreements for nuclear power plants, nuclear fuel supply chain, nuclear liability issues, and export controls. He has particular experience in crafting integrated solutions for new-build projects that leverage his legal, business, and engineering experience to deliver maximum value for the client.

Kim & Chang Speakers' bio

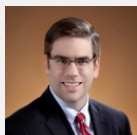

Sungjean SEO

Tel: 02-3703-1214

E-mail: sjseo@kimchang.com

Sungjean Seo is a foreign attorney in the firm's International Arbitration and Cross-Border Litigation Practice Group.

Ms. Seo concentrates her practice in representing Korean and international clients in international arbitration and advising clients in connection with cross-border litigation. She has advised Korean conglomerates, foreign private equity firms, European and Japanese companies in disputes arising out of various commercial contexts, including cases involving joint ventures, share purchase agreement, distributorship relationships, and intellectual property, and has represented clients in arbitrations conducted under the rules of the ICC and ICDR.

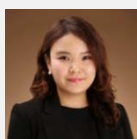

Joel E. RICHARDSON

Tel: 02-3703-1452

E-mail: jerichardson@kimchang.com

Joel Richardson is a foreign attorney in the International Arbitration & Cross-Border Litigation Practice Group of Kim & Chang. Mr. Richardson has represented clients in numerous arbitrations administered by a wide variety of institutions and seated in a diverse range of jurisdictions. Mr. Richardson's arbitration experience has covered a broad range of fields, including mergers and acquisitions, construction, outbound investment, joint ventures, sales of goods and intellectual property licensing.

Mr. Richardson regularly speaks at seminars and international conferences on international arbitration topics, and has published numerous articles on issues in international arbitration and cross-border dispute resolution in Korea. Mr. Richardson also regularly advises Korean parties regarding litigation in the United States and advises foreign clients regarding Korean court litigation in conjunction with Kim & Chang's Korean licensed attorneys.

Dami PARK

Tel: 02-3703-4955

E-mail: dami.park@kimchang.com

Dami Park is a foreign attorney in the International Arbitration & Cross-Border Litigation and Construction & Engineering Disputes Practices at Kim & Chang.

She has extensive experience in the various contracts, claims, and disputes in relation to the construction/energy industry. She has reviewed and negotiated various types of contracts such as EPC contract, equipment supply agreement, technical service agreement, consortium agreement, and O&M agreement relevant to thermal power plants/combined cycle plants/nuclear power plants and desalination plants and commercial properties. Ms. Park has also advised project management teams in relation to contracts and claims during the project execution phases.

Her experiences also include international arbitrations and cross-border litigations relating to issues such as wrongful calling of guarantee and defects liability.
